

A red line forming a scalloped, wavy border around the text.

**Visiting
Santa**

I am going to visit Santa.

This is what Santa looks like.

I will visit Santa at Maple Street Art Space.

This is what Maple Street Art Space looks like from the outside.

I will enter the building on the side.

This is what it looks like inside

There will be people inside.

I will walk past the tables to visit Santa.

There might be other people waiting to
visit Santa.

I might have to wait my turn.
I won't have to wait long.

When it is my turn to visit Santa

I can sit next to Santa

I can sit next to Santa with family or friends

I can stand next to Santa.

Santa can stand next to me

Santa will talk to me.

He will ask me what kind of toys I like.

I can tell him what kind of toys I like.

A photographer will be there.

She will take some pictures of me with Santa

I can smile when I get my picture taken.

After I get my picture taken, my turn visiting Santa will be finished.

GOODBYE!

I can wave or say 'goodbye' to Santa.

When my visit with Santa is finished I can get a candy cane.

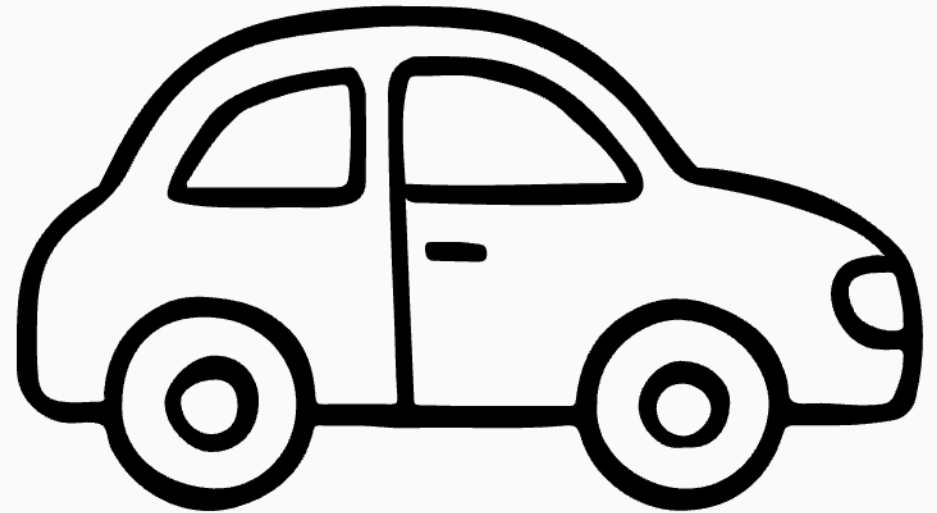

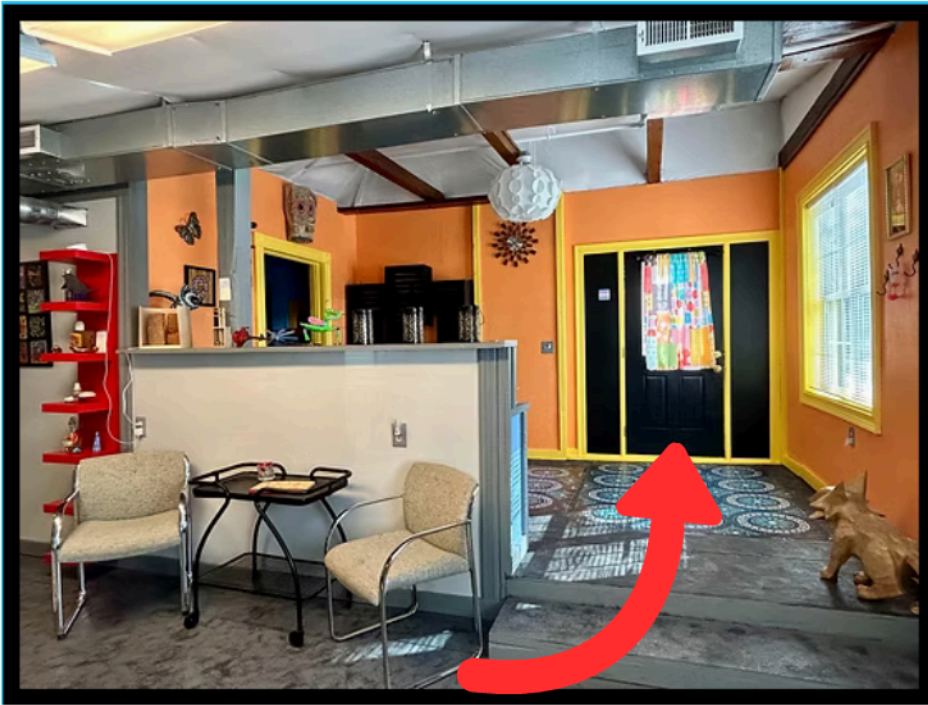

Then I can walk around to look at the tables.

There will be a craft activity

I can do the craft activity.

After I finish the craft activity it will
be time to go back to the car.

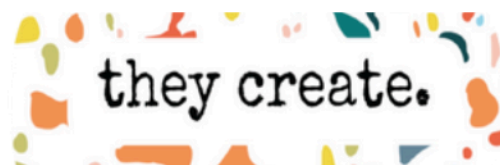

A red, hand-drawn style scalloped border surrounds the text.

**Thank you
for visiting
Santa**
